REEFER SERVICE

PUDONG PRIME INTERNATIONAL

Ho Chi Minh Branch

Accompanying customer needs, the demand for reefer cargo transportation has been arising recently is one of the motivations for us to expand our business to the cold goods segment. Our strength contracts with ONE and COSCO shipping lines keep our customers engaged with Pudong more and more.

RAD SERVICE

PUDONG PRIME INTERNATIONAL Ho Chi Minh Branch

Offering of Non-Operating Reefer (NOR) or Reefer as Dry (RAD), is to minimize empty reefer repositioning cost in Dry Dominant/Reefer Non-Dominant legs, especially out of Asia. Carriers allow the use of reefer containers in non-operating mode to carry “approved” dry cargo to reefer demand origins. Customers could stuff their cargoes as the 40DC without running cold temperatures with advantages of competitive freight and more equipment. With RAD equipment, customers can benefit from low freight cost and more volume in the shortage of dry container at this peak season. Customers might refer to the below dimension carefully before placing the order for 40RAD.
